Haha. For making meeting invites I agree. For most everything else, though, I prefer the new Outlook system.

Thanks. It's my first time sending out a calendar invite and finding a room in the new system so it took me a sec. Don't tell anyone, but sometimes I miss lotus notes.

Looks like 1516 is available. That's the one I'd recommend. Or 1509.

Will do. Where would you like to meet? Is there a particular room that you'd like to use?

We are set for tomorrow at 2. I'm teleworking. Is everyone in the office or are folks teleworking?
Would you like me to send out the invite?

Hi Margot,
Tony's request was for the EPA officials involved in the PAFEIS review, so I'm thinking Elizabeth, Rob, Kathy, and myself. The soonest time that looks like it would work for us is probably tomorrow afternoon at 2:00pm. Alternatively Wednesday late afternoon or Thursday late afternoon could be workable. Do we know how long Tony is figuring this call should take? Can we request that we keep it to 30 minutes?

Thanks.

Hi Margot,
I could make most times next week work. Let me reach out to Kathy as well as a couple folks in Water to see about their availability and get back to you.

Thanks.

Margot,

Now that the federal shutdown is over, I presume you will be heading back to work soon, in the next few days. When you have settled back in, I was wondering if you could see if you can set up a phone interview once again for me to get a chance to talk with the relevant EPA officials involving the Rosemont Mine PA-FEIS--the preliminary draft of the Final EIS that the Forest Service sent to EPA and the other cooperating agencies last July. If possible, could such an interview be set up for next week?

Thank you very much and sincerely,

Tony Davis
